INTERNATIONAL CONFERENCE ON INFORMATICS, MECHANICAL, INDUSTRIAL AND CHEMICAL ENGINEERING

*"The Impact of Industrial Revolution 4.0
to Society 5.0's Digital Transformation"*

Semarang, 25 October 2023 UNWAHAS Tower 6th Floor 

Keynote Speaker

Assoc. Professor Ferry Jie, PhD, FCILT, FCES
Edith Cowan University, Australia

Prof. Ito Kohzo
Department of Applied Chemistry
University of Tokyo

Willie Buclatin, Ph.D
Cavite State University, Philipina

Call for Papers

Topic and Scope 

Informatics Engineering <

Internet of Things, Telecommunication
Information Technology, Data Management
Computer Programming, Information Security
Cryptography, Networking
Information Technology Audit, Information System
Artificial Intelligence and Data Science
Internet of Things and Big Data
Machine Learning and Deep Learning

Mechanical And Manufacture Engineering <

Applied Thermodynamics, Renewable Energy
Optimization Engineering, Material Engineering
Mechatronic System, Composites and Hybrid Materials
Heat Treatment, Computational Fluid Dynamic
Friction, Lubrication, and Tribology
Combustion Engineering, Multi-Phase Fluid
Coating Engineering, Mechanical Design and Construction

Chemical Engineering <

Biomass Conversion, Biotechnology And Bioprocess
Nanotechnology, Green Chemicals
Waste Treatment, Renewable Energy
Process System Engineering, Separation Technology
Chemical Engineering Modelling And Simulation
Food Engineering

Facilities

Zoom Meeting, Youtube Streaming
Certificate of Appreciation

LIVE   **zoom**

Registration Fee

Presenter Nasional IDR 3.000.000

Presenter Internasional \$200 USD

Participant: IDR 100.000
